Integrated Institute for Advanced Research and Information (IIARI)	<p>Scope of the Program: This training programe will appeal to those who require an understanding of research approaches. Most importantly, it will help to enhance the ability to utilize the knowledge/skill in their studies or in professional lives. And also, it will be very helpful to those who are pursuing Under-graduate and Post-graduate courses. The eminent geographers of the world are of the opinion that in near future the Geo-spatial technology will play a pivotal role in the field of research and will help the society at large to frame its policies. This program will also help the students immensely, as we focus on their specific courses curriculum. Further, the workshop aims to sharpen the logical mind of students for their upcoming Professional lives. Moreover, this endeavour will make it possible to offer such an expensive course in a pocket friendly manner to the rural folks.</p>	<p>The students can choose the Geoinformatics/GIS based career as an alternative path after completing their studies as the domain promises lots of opportunities in future. Job Assurance in this market is pretty high than others. Not only in pvt sector also in government sector offers job in this domain.</p>	INTRN/GEO/022	1. Institute of Psychiatry (IOP)	Established in 1817, Institute of Psychiatry, Kolkata (IOP) is the third oldest surviving mental hospital in the country and has a glorious past of caring for persons with psychiatric illness for almost two centuries. IOP has played a significant role in training mental health professionals from 1989, when it was designated as the training & research wing for Psychiatry, of the Institute of Postgraduate Medical Education & Research, Kolkata. Thus IOP enjoys the hybrid status of being a mental hospital, which also functions as the general hospital psychiatry setup of a tertiary postgraduate medical training institute.	Yes, Placement opportunities will also be provided.	INTRN/PSY/024	"The Department has provision for internship program in clinical psychology. Institutes offers maximum 2 months (6 days a week attendance is mandatory) internship program to the students who are currently pursuing Graduation in Psychology or equivalent courses or Diploma in related field and Internship is part of their curriculum. Number of Seats: Maximum 10 per session". Internship includes- Learning case history taking, case study discussion with a designated supervisor; attending academic programs (departmental seminar; case conference, journal club etc.) and observation of psychological assessment procedure.	As per the policy of the Institute.

Iswar Sankalpa	Iswar Sankalpa is a non-profit organization started in 2007 with the hope of reaching out to the 'forgotten' and 'untouchable' population – that of the homeless persons with psychosocial disabilities on the streets of Kolkata. Iswar Sankalpa's work in the global context can be understood as an intersection between health, gender, and rights, aimed at providing a holistic support system to help persons with psychosocial disabilities live a dignified life.	Supported Employment - Provides employment opportunities for our clients in our network of supporters. Restoration - A dedicated team works tirelessly for reuniting clients with their families in different parts of the country and often in neighbouring counties.	INTRN/PSY/028	4 - Nayagram: Assisted community living home in Kashipur for recovered women who either don't have a home to go back to or won't be accepted back home. The residents engage in agriculture and produce organic vegetables for the market and our shelter homes. Community Outreach: assistance to a counsellor	To acknowledge the time and human resources invested in providing this experience the organisation charges an internship fee of 1000/- for 2 months and 2500/- for 2 months if the intern requires an academic dissertation. Requests for partial waiver of the same will be considered.
			INTRN/PSY/029	5 - FLP: The Functional Literacy Programme (FLP) is designed to support homeless persons with psychosocial disabilities in learning/relearning pre-vocational skills needed for day-to-day living.
